

Lego Robotics Club

Dear Families,

This year we are offering Lego Robotics Club using the Mindstorms EV3 platform. The purpose of this club is to provide students with an opportunity to build on what they learned while pursuing their own robotics project.

The club will meet after school (2:30-4:00) in the library on the following dates - 3/15, 3/16, 3/29, 3/30, 4/4, 4/6, and 4/13. To sign up your child, complete and return the form below. Deadline: Wednesday, March 14th. Registration is limited, so sign up early!

If you have questions, please let us know.

Thank you,

Jason Stevenson
School Counselor

Emily Wood
Technology Integration Specialist

LEGO Robotics Club

I give permission for my child to participate in Lego Robotics Club. I understand I am responsible for making sure he/she is picked up by 4:00 pm on the following dates - 3/15, 3/16, 3/29, 3/30, 4/5, 4/6, and 4/13.

Student name: _____

Parent signature: _____ Date: _____

Preferred email address: _____
